46 YILDIR HAYATINIZA **RENK** KATIYORUZ

1979 yılında İZMİR Karabağlar'da 60 m2 atölye de Tv sehпасı, yemek ve yatak odası mobilyası üretimi ile faaliyete başlayan EGEPRES, 1989 yılında İzmir Kısık Sanayi sitesindeki 1200 m2 kapalı alana sahip yeni binasında mevcut üretimine ilave olarak suntalam, mdflam ve laminattan mamül otel mobilyası üretimi ve montajı ilave edilerek yükselişine devam etmiştir.

1998 yılında İZMİR ili Torbalı ilçesi Pancar mahallesinde bulunan 6000 m2' si kapalı 10.200 m2 lik yeni yerinde tamamen mobilya yan sanayi üretimine yönelen firmamız (hazır mutfak akrilik, laminat dolap kapakları ve laminat mutfak tezgahları) yurt içinde ki satışlarına ilave olarak uluslararası pazarda da ülkemizi ve sektörümüzü başarıyla temsil etmeye başlayarak sektörde söz sahibi firmalar arasında yerini almıştır.

ADDING COLOR TO YOUR LIFE FOR 46 YEARS EGEPRES, which started its operations in 1979 in a 60 m² workshop in Karabağlar, İzmir, producing TV stands, dining, and bedroom furniture, continued its rise by moving in to a new building in 1989 with 1,200 m² of enclosed space in the İzmir Kısık Industrial Site. In addition to its existing production, it expanded to include hotel furniture manufacturing and assembly, made from chipboard, MDF laminate, and laminate materials.

In 1998, the company relocated to a new facility in Pancar, Torbalı, İzmir, with 6,000 m² of enclosed space within a 10,200 m² site, shifting its focus entirely to furniture sub-industry production. Specializing in ready-made kitchen acrylics, laminate cabinet doors, and laminate kitchen countertops, the company not only strengthened its domestic sales but also successfully represented Türkiye and the industry in international markets, establishing itself among the leading companies in the sector.
